## Congratulations

The 2011 edition of our Worcestershire classic took place on Easter Sunday at the end of a week of stunning spring weather. The sun had shone constantly, light winds and high temperatures promising glorious conditions for a cracking event. In reality Sunday morning dawned slightly overcast but remaining mild and still – absolutely ideal conditions for a very hilly, challenging race. And this year's race was more hilly than usual with roadworks forcing a course change so that riders faced a second ascent of Stanford Bank after a technical descent and energy-sapping toil along the River Teme through Shelsey Walsh. Many congratulations to everyone who rode and completed such a challenging course!

Rebecca Slack

While Rebecca Slack (The Altitude Centre) returned for a second victory in the women's race, 2008 National Hill Climb Champion Matt Clinton (Mike Vaughan Cycles) made it one win in one attempt with a very rapid 1.45.47. Clinton finished 44 seconds ahead of Jeff Jones (Chippenham & Dist Whlrs) who was the fastest Roadman in 2009. Dave Griffiths (Paramount RT) claimed 3<sup>rd</sup> place with 1.47.30.

To take the top step of the podium Rebecca Slack had to see off the 2008 winner, top triathlete Michelle Parsons (Team Echelon-Rotor) but she did this with time to spare, achieving 2.02.37 to Michelle's 2.10.16. In third place for the women at 2.18.11 was Elizabeth Clayton (Lichfield City CC) who is a reigning World Masters Track Scratch Race Champion.

One rider who went away with a clutch of prizes was Danny Axford (Arctic-Premier RT). Noted on the start line for his hi-spec road bike Axford made effective use of his vast experience to take 5<sup>th</sup> place overall, the first Roadman prize and to also be the fastest rider to climb Stanford. Clearly his pacing was excellent as his two timed ascents differed by just one second!

As is often the case, when we look to the youngest and oldest riders in the event we find some very impressive rides indeed. Calling in on the event while visiting relatives in the area a juvenile from Yorkshire, Jake Womersley (Aire Valley RT), flew round the course in just 1.57.40 to take 19<sup>th</sup> place

overall. A similarly very impressive ride was done by local junior Joe Page (Team Echelon-Rotor) who beat all the U23s with his 1.57.10 and so earned the richly deserved Junior/Espoir 1<sup>st</sup> place. Many congratulations to Jake and Joe on truly excellent performances.

Moving to the opposite end of the age spectrum, Steve Berry (San Fairy Ann CC), second overall in 2010, had to settle for 6<sup>th</sup> place this year with 1.49.33 but was the fastest veteran and so carried off the first V40 prize. Meanwhile, and incredibly just two further places back, the fastest V50, Rob Weare (Leamington C&AC), came home with 1.52.45. Amongst the V60 riders it was course record holder, a regular supporter of this event, Rod Brooks (Warrington RC), who claimed their prize in 2.01.36 and the V70 prize went to Robert Mowat (Oldbury & District CC).

Matt Clinton

Our team winners were Wyre Forest CRC once again, achieving their 4<sup>th</sup> team win in the last five years, this year with a team comprising Phil Hunt, Phil Blacker and Patrick Connolly.

Finally, mention must be made of Andy Ilsley (Baines Racing Silverstone) who returned to this event after a gap of about 17 years but brought his dad along to spectate. We just had to get Arthur Ilsley on the stage and give him a round of applause as he won this event in 1953!

#### **Thanks**

My thanks to the fifty Beacon members and friends who carried out the many tasks and jobs which make an event like this possible. The sense of fun and good humour the whole club brings are an essential hallmark of our event. My particular thanks to Dave and Ann Cole for doing so much work for the event despite not being available on the day and to Bob and Carole Green for their work at the event overseeing the marshalling and catering. Finally my sincere gratitude to Tony Webb who once again made my role so much easier by doing a large share of the work, especially with the change of course.
